

## WE ARE CALLED TO LOVE GOD AND CREATION WITH OUR WHOLE SELVES.

That's why a group of Presbyterians and friends are putting their bodies on a journey for creation justice, walking to the General Assembly in St. Louis from the PCUSA Headquarters June 1-16. This 260-mile journey will include walking, sleeping at churches along the way, worship, prayer, and teach-ins each day. The Walk calls upon the PC(USA) to divest from fossil fuel companies so that we do not profit from an industry that has contributed to climate change. The Walk also seeks to center the stories of communities who are already suffering from the realities of climate change. Through all of this, we'll also reduce our carbon footprint on the way to the General Assembly, loving God and creation with each step we take.

**We hope you will join this journey.** You can walk the Walk, in person or as a virtual walker. You can also give to support this historic action. Donations go to buy medical supplies, food, and other necessities for the Walk. To learn more and to give, go to [PCUSAwalk.org](http://PCUSAwalk.org). You can also send checks to Presbyterian Peace Fellowship at 17 Cricketown Rd. Stony Point, NY 10980 with "Walk" in the memo line. All donations are tax-deductible, deeply appreciated, and will be put to good use!
